Dear all stakeholders

With the advent of another New Year let's step into its threshold with abundance of optimisms, aspirations and dreams by bidding adieu to the by gone year . Well it's an ideal time to introspect ourselves and move ahead gallantly to face the challenges with invincible spirit and tenacity . Let's imbibe the values of respect for elders, teachers and parents among our children as they are getting diminished day by day owing to their colossal exposure of scientific technology .Inculcate refined communication skills by giving ample exposure to great speeches by great leaders . Spare some quality time in meditation to acquire tranquillity and serenity.

Stop procrastinating and become more organized.

It doesn't matter how much time you have in your hands if you can't manage it properly.

Read more books.

Books are the excellent way to gain a lot of knowledge on a huge variety of topics and are also a great exercise for your brain.

Improve your concentration and mental skills .

People have been trying to find ways to improve their focus and cognitive capacities for thousands of year.

Be more polite :

Good manners have always been an appealing trait .We wish you all a very blessed, cheerful and successful New Year!!!

Director's Message

"Let bygones be bygones , let's greet the New Year with the new outlook of compassion, benevolence and altruism to make this world a better place to live in with peace harmony .

"January is the time of new beginning and starts . It is perhaps worth remembering why the month is so called . January itself is named after Roman God Janus , the God of beginnings and transitions . He is a two headed God looking back to the past and a head to the future . We may be not enthusiastic about the experiences of previous year . But hope remains that joy , prosperity and peace awaits at this turn of year .

Recently ,I came through a story on social media about the race of life . It goes as follows . While I was riding the bike ,I noticed a man in front of me, about half a mile far . I noticed the man was traveling at a speed lower than me . So , I decided to overtake him . I had about a mile to go on the road before turning off .So , I started cycling faster and faster and every block ,I was gaining on him just a little bit . Just within minutes , I was about 50metres behind him , so I gather all my strength and tried hard to overtake him , and finally ,I was ahead of him .

"Destiny is no matter of chance . It is matter of choice . It is not a thing to be waited for , it is a thing to be achieved."

-----William Jennings Bryan

And finally , I caught up with him and passed him by . Within ,I felt like a winner , "I won" . While he had no clue that we were in a race . After I passed him , I realized that I had been so focused on competing against him that I had missed my turn , had gone nearly six blocks past it and had to turn around and go all back .

Isn't that what is happening in life , we spend most of our time in competition with neighbours , friends ,family ,trying to outperform them or trying to be in front of them . While you were never in the race with them . We use most of our time and energy in competition and instead of reaching our destination ,we miss out on our own path to our destinies .

Unhealthy competition is a continuous process , a never ending cycle , A race of life . No matter what you do , someone will always be ahead of you, someone with a better everything , a better job , a nicer car etc .

May this New Year ,you feel grateful for what life has offered you , stay focused on your path and live a healthy life . There is no competition in destiny . Run your own race of life and wish others well !!!

Wish you all a very Happy New Year.

Principal's Message

We live today in a world that is so very different from the one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of Education. We at YPS work at implementing a well balanced curriculum to ensure that the children who walk into the portals of our school will not just love their school years but truly be prepared to face life's challenges. Aristotle once said that, "Educating the mind without educating the heart is no education at all." Even as we impart education to match the advancement in technology and globalization, we march our children ahead with YPS' ethos of moral values and principles. We endeavour constantly to instill these qualities in our children. We pride ourselves to help them grow and develop into sensitive and responsible citizens of the next generation. A committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create a child-centric school. Teamwork is the hallmark of YPS. I am very sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

With sincere and warm regards.

Vice Principal's Message

Dear Readers

I am sharing few inspiring quotes of Swami Vivekananda that will force you to look at life from an entirely different dimension. These quotes will make you cheerful and undefeated .

- 1) What makes one man great and another weak and low is shraddha (concentration).
- 2) Arise, awake and stop not till the goal is reached.
- 3) A nation is advanced in proportion to education and intelligence spread among the masses.
- 4) Blows are what awaken us and help to break the dream .
- 5) All that man has to do is to take care of three things; good thought, good word, good deed.

Thank you

Secondary Section Co-ordinator's Message

I am happy for the opportunity for writing this message.

"The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extracurricular activities in children .

As guides and mentors, we shall ensure that our students would become modest, humble and disciplined as they soar heights in their career and bring laurels not only to their families and school but also to their mother land .

We at YPS strongly believe in a quote by the great Scientist and Philosopher Albert Einstein –

“Education is what remains after one has forgotten what one has learned in school”

Anita Mohanan

Pre-Primary Section Co-ordinator's Message

1). If you want to achieve success in life, you should have courage and determination in yourself. Take up opportunities coming your way and overcome the difficulties with your skill.

2). Failures are a part of life. Learn from them and work with motivation in the present which will help you to be successful in future. Dear Students, believe in yourself and continue doing your best.

EVENTS AND ACTIVITIES CONDUCTED IN AUGUST

National Handloom Day- (7/08/21)

National Handloom Day is celebrated in August across the country under the coordination of the Ministry of Textiles through Virtual Platform to avoid public gathering considering Covid-19 pandemic .

The prime objective of holding the National Handloom Day is to highlight the contribution of handloom to the socio-economic development of the country and increase income of the weavers .

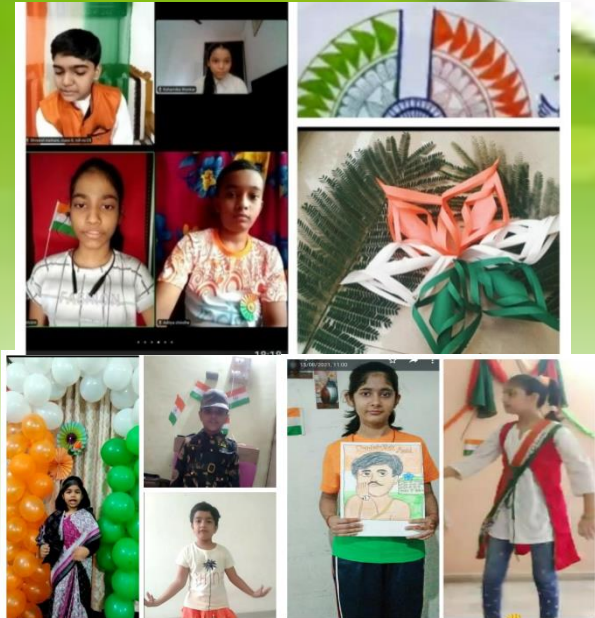

National Handloom Day is being observed at 28 Weavers' Service Centres in different States and 16 National Institute of Fashion Technology (NIFT) Campuses.

Independence Day- (15/08/21)

Independence Day is marked as the occasion to celebrate the countless sacrifices and struggles our freedom fighters have made to make India independent from British rule. It is observed as a national holiday with a flag hoisting ceremony, parade, and singing the national anthem with patriotic spirit. It was on August 15, 1947 that India was free from British colonialism by gaining independence. Students of YPS celebrated it virtually.

Raksha Bandhan - (22/08/21)

'Love between a brother and sister is one of the deepest and noblest of human emotions. Raksha Bandhan is a festival which celebrates the bond of a brother and sister. This festival is celebrated in the Hindu religion. It is one of their most important festivals. In addition, sisters and brothers wait eagerly for it all round the year. People celebrate it with abundant zeal and enthusiasm in India .Rakhi Making activity was conducted by the students.

TEACHER'S DAY (05/09/2021)

Pre-Primary section students participated in 'Card making' activity on Teacher's Day i.e on 5th September 2021. Children delivered speech on **Teacher's Day**. Some children participated in singing and also in '**Best out of waste**' competition. They used waste materials to make new things which turned into the best. The little tiny tots enjoyed all the activities and competitions that were conducted in the class. Tiny tots were encouraged and supported by their parents in participating in the activities.

Teachers are the building blocks of our lives . Teachers' Day is Celebrated on the 5th of September. Teachers' day is celebrated in commemoration of the great leader Dr. **Sarvepalli Radhakrishnan**. He was the President of India in the tenure between 1962 to 1967. He was a scholar and a firm believer of education such that his birth anniversary came to be celebrated as teachers' day. Teachers are also the guides who play an important role in transforming a student into a responsible citizen. Students of YPS virtually celebrated by expressing their love, gratitude and respect. Students read out *shlokas*, delivered speeches, recited poems, sang songs and made beautiful cards.

TEACHER'S DAY

NUTRITION AND FITNESS WEEK – (07/09/21) to (10/09/21)

All the students participated in food and nutrition campaign for remaining healthy. In primary section nutritionist and dietician Tasneem Jahan gave a live webcast on Rainbow nutrition to test the learning outcomes, students were assigned to make posters. Students made beautiful posters and wrote slogans on nutritious food. Secondary students delivered speeches and presented P.P.T to spread awareness about healthy lifestyle and food habits.

Why is nutrition important??

1. Proper nutrition is one of the most essential elements of being healthy and living a long life.
2. Nutrition covers a large portion of your health and physical appearance
3. About 80% of your weight loss and fitness results are based on what you eat on daily basis.

They presented them by becoming various animal characters and also gave information about them . Salad Making competition was held on World Food Day. All children took part and presented their salad more than their expectations. They showed their creativity.

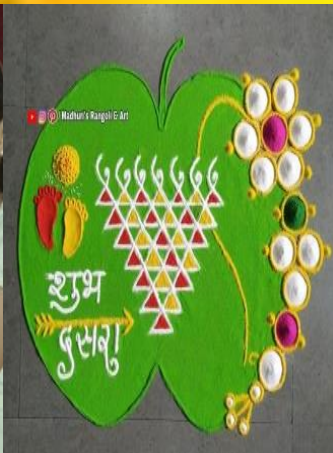

Gandhi Jayanti - (02/10/21)

Gandhi Jayanti falls on the 2nd of October every year. It is the nonviolence day in India. India's political elite pay their respect to Gandhi at his memorial at Rajghat, Delhi. Gandhi's favourite bhajan 'Raghupati Raghav Rajaram' makes us feel his divine power. Children play acts based on Mahatma Gandhi. People take to cleaning their schools, offices, societies etc. Celebrating Gandhi Jayanti reinstalls the feeling of nationalism and patriotism. Students of YPS made posters and participated in cleanliness drive.

DUSSEHRA – (15/10/21)

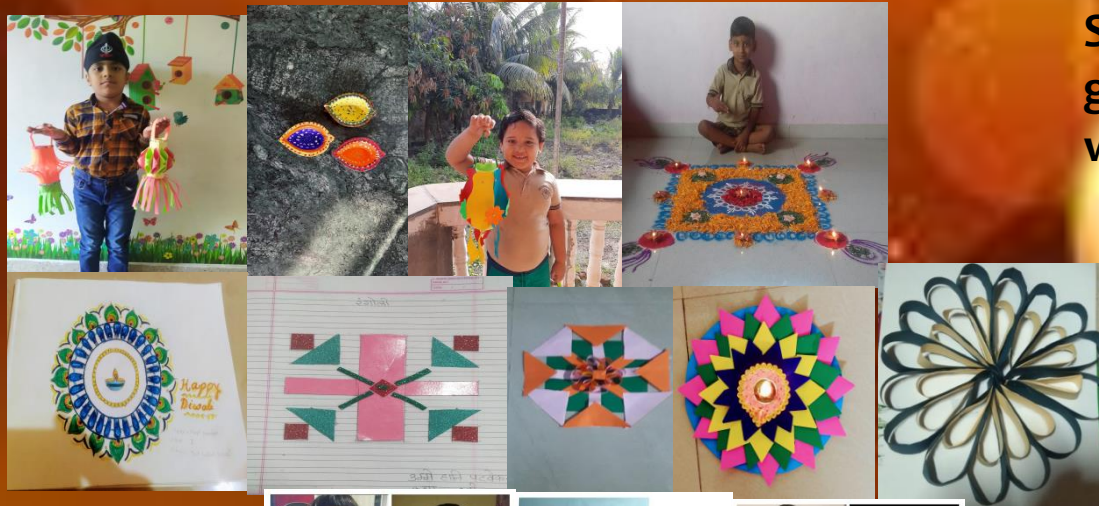

Dussehra is a Hindu festival which commemorates the victory of Lord Rama over the evil king Ravana .It also marks the victory of Goddess Durga over Mahishasur to protect the world from him. People construct a tall effigy of Ravana to demolish on the day to mark the celebration. Ramlila, a dramatic portrayal of the life of Lord Rama which attracts people on the festival. Many fairs and functions organize throughout the country, which witnesses a huge crowd gathering. The real festivity of this occasion appears in the evening when people from all walks attend the fair and enjoy the burning of the effigy. Devotees also keep fast during the Navratri festival, which they devote to the nine incarnations of Goddess Durga . Dussehra is the traditional festival which teaches us the truth, good deeds and moral values by exhibiting the power of knowledge and ethics . Students made rangolis, posters and miniature effigy of Ravana.

NOVEMBER

DIWALI – (04/11/21)

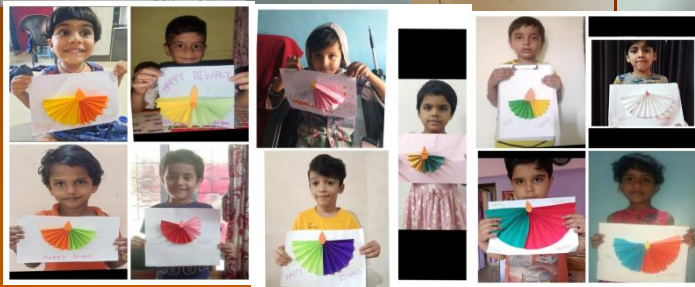

- * Diwali is the festival of lights symbolizing the victory of inner light over the spiritual darkness . It is the five-day festival starting with Dhanteras; on which people clean their houses and shop for gold and other utensils The festival is mainly for all Hindu communities. People worship Goddess Lakshmi on this day, the goddess of wealth and prosperity in our lives. Rangoli decorations with coloured powder, flour and sand are very popular on Diwali, and it is very auspicious for the occasion . People decorate their houses with clay lamps and electronic lightings to welcome Goddess Lakshmi in their homes . On the main day of the festival Hindus worship goddess Lakshmi followed by preparation of mouth-watering delicacies and display festivities of fireworks. Students exhibited their creativity by making floral rangolis and lamps.

Students celebrated Diwali by giving gifts and sweets to the needy people who live in their neighbourhood.

GALLANTRY AWARD WINNERS (11/11/2021)

Gallantry Awards have been instituted by the Government of India to honour the acts of bravery and sacrifice of the officers/personnel of the Armed Forces, other lawfully constituted Forces and civilians. These gallantry awards are announced twice in a year - first on the occasion of the Republic Day and then on the occasion of the Independence Day. Post-independence, first three gallantry awards namely the Param Vir Chakra, the Maha Vir Chakra and the Vir Chakra were instituted by the Government of India on 26th January 1950 which were deemed to have effect from the 15th August, 1947.

Thereafter, other three gallantry awards i.e. the Ashoka Chakra Class-I, the Ashoka Chakra Class-II and the Ashoka Chakra Class-III were instituted by the Government of India on 4th January, 1952, which were deemed to have effect from the 15th August, 1947. These awards were renamed as the Ashoka Chakra, the Kirti Chakra and the Shaurya Chakra respectively in January, 1967. Students of YPS selected one brave soldier of their district, town, city, state and country and made posters wrote about their acts of bravery for which they received gallantry award. This activity was given by CBSE.

Children's Day (14/11/2021)

We celebrate Children's Day on 14th November every year with excitement and rigor. Children's Day is celebrated on the birthday of Pandit Jawaharlal Nehru. He was the first prime minister of India and a great leader. He loved children very much. They called him Chacha Nehru because of the love he showered on kids. Children's day celebrations are done throughout the country. Schools and colleges organize various events on children's Day. Awareness among children for education is the motive behind the celebration. This year teachers had sent greetings and activities through social media.

Teacher's love and greeting for children on Children's Day

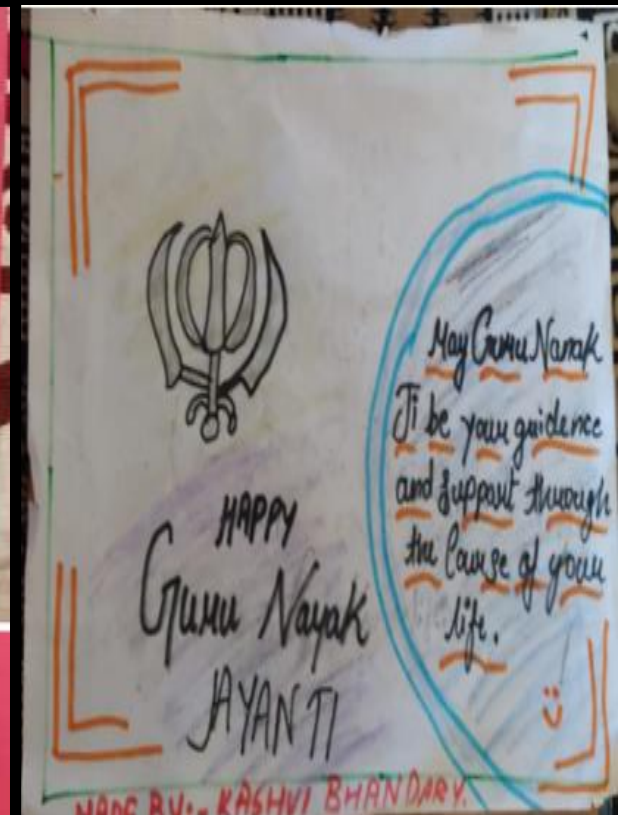

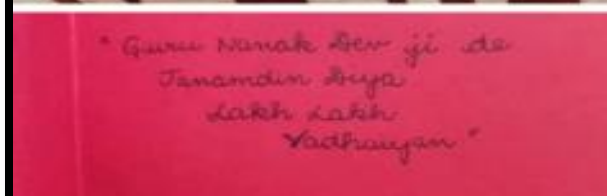

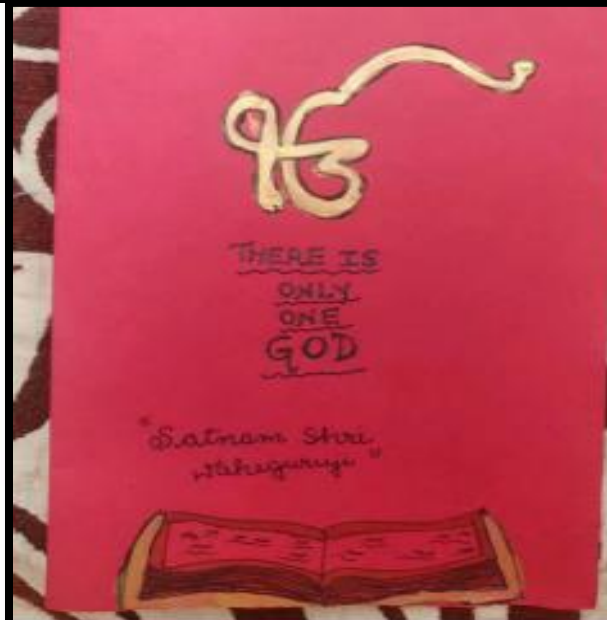

Happy Children's Day to all my dear students. India celebrates Children's Day on 14th November every year as a tribute to our first Prime Minister Pandit Jawaharlal Nehru who was born on November 14, 1889. He shared an affectionate bond with children. Nehru's love for children was abundant thus he advocated children to have fulfilled childhood. He also stood up for children's education on this special day.

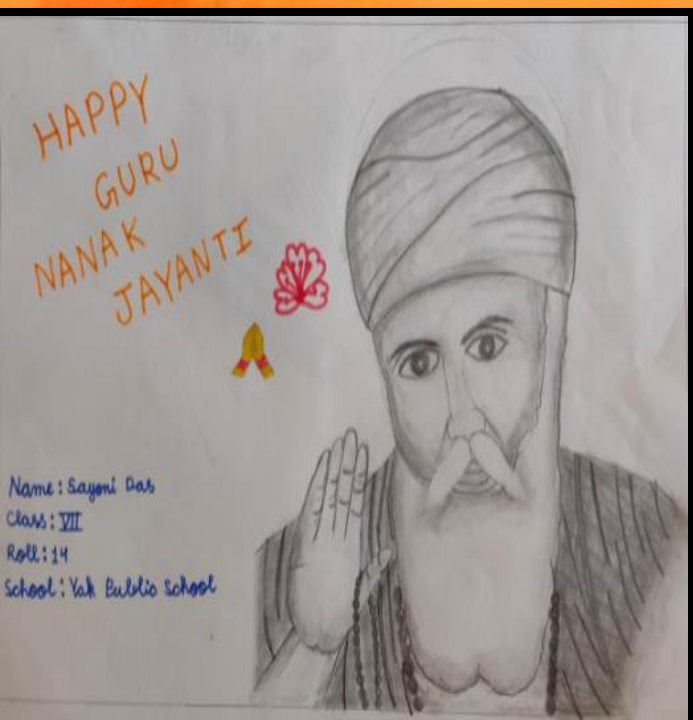

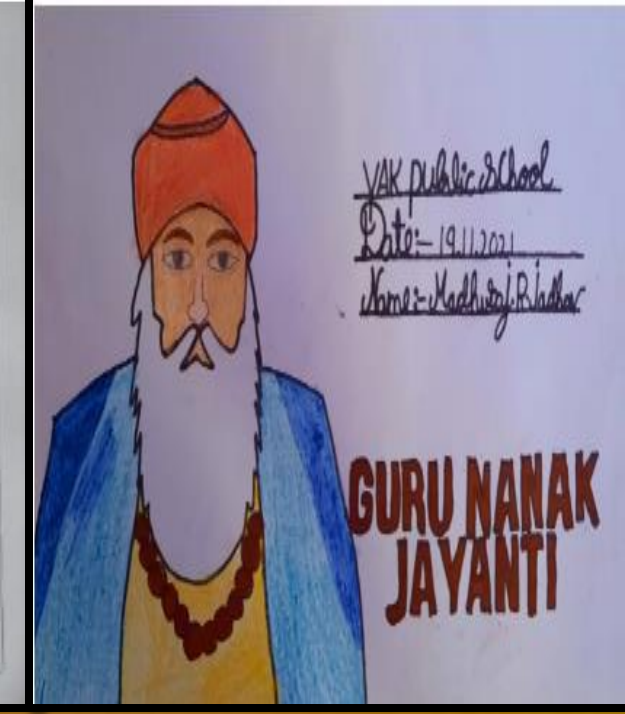

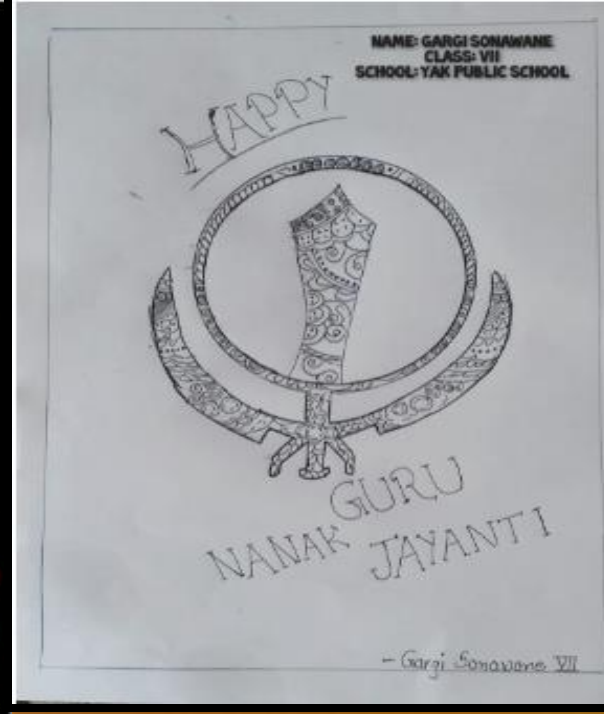

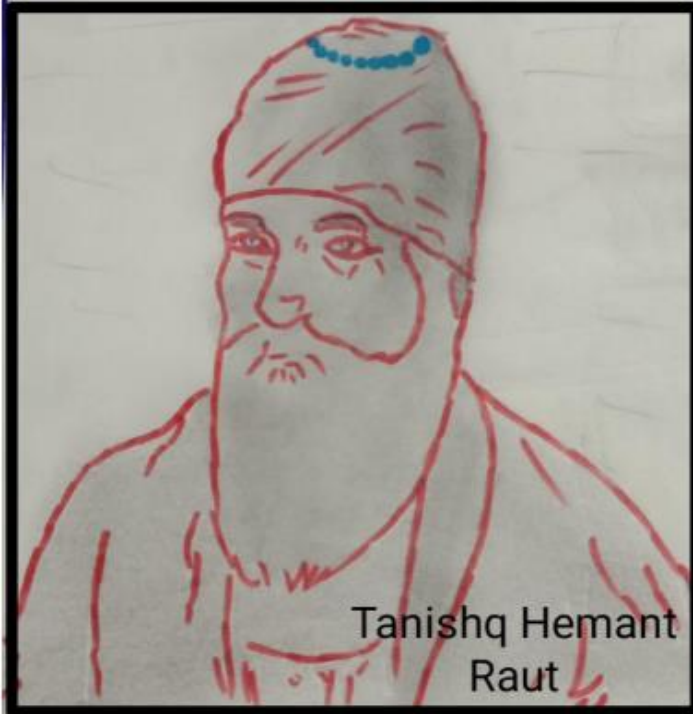

Can you tell the names of freedom fighters from the picture given below?

- 1 Gandhi ji
- 2 Jawaharlal Nehru
- 3 Subhash Chandra Bose
- 4 Lokmanya Tilak
- 5 Bhagat Singh

GURU NANAK JAYANTI (18/11/2021)

Guru Nanak Jayanti, also known as Gurpurab, is celebrated across the country to mark the birth anniversary of Guru Nanak Dev, the founder of Sikhism. It is one of the holiest festivals of the Sikh community. The Gurpurab falls on the full moon day of Kartik i.e, Kartik Purnima, 15 days after Diwali. Students YPS observed the day with great devotion and religious harmony.

CCA activity - primary section

Origami craft (20/11/2021)

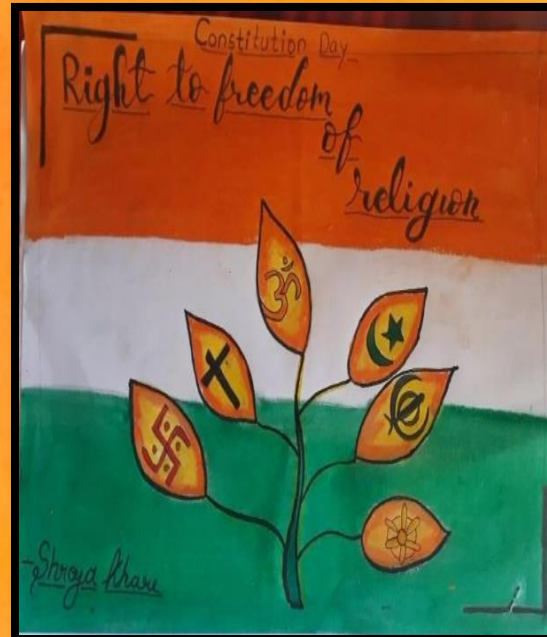

The goal is to transform a flat square sheet of paper into a finished sculpture through folding and sculpting techniques. Modern origami practitioners generally discourage the use of cuts, glue, or markings on the paper. Origami folders often use the Japanese word *kirigami* to refer to designs which use cuts.

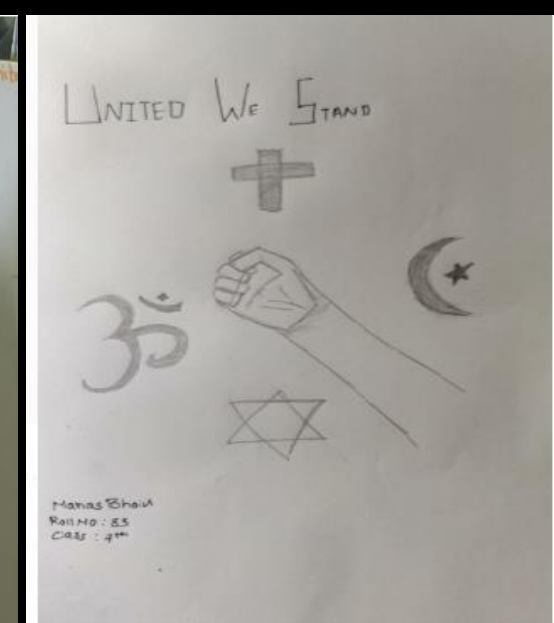

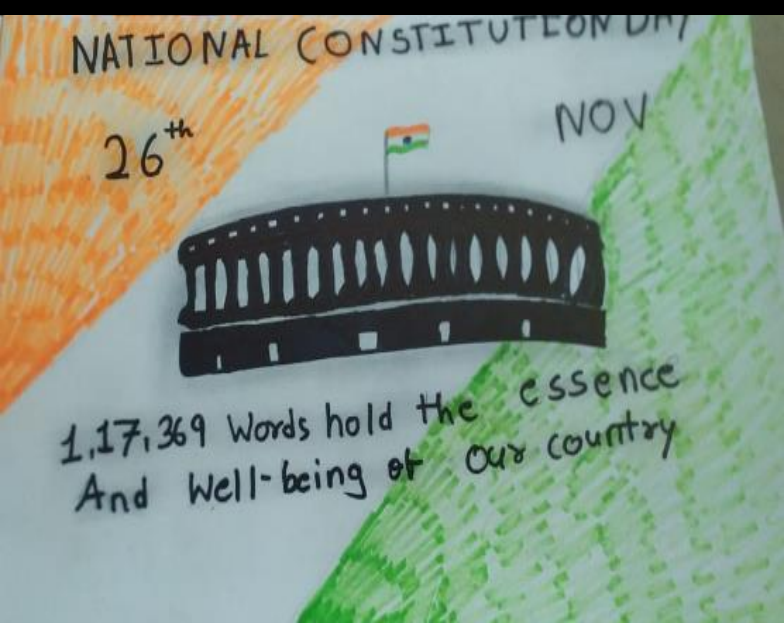

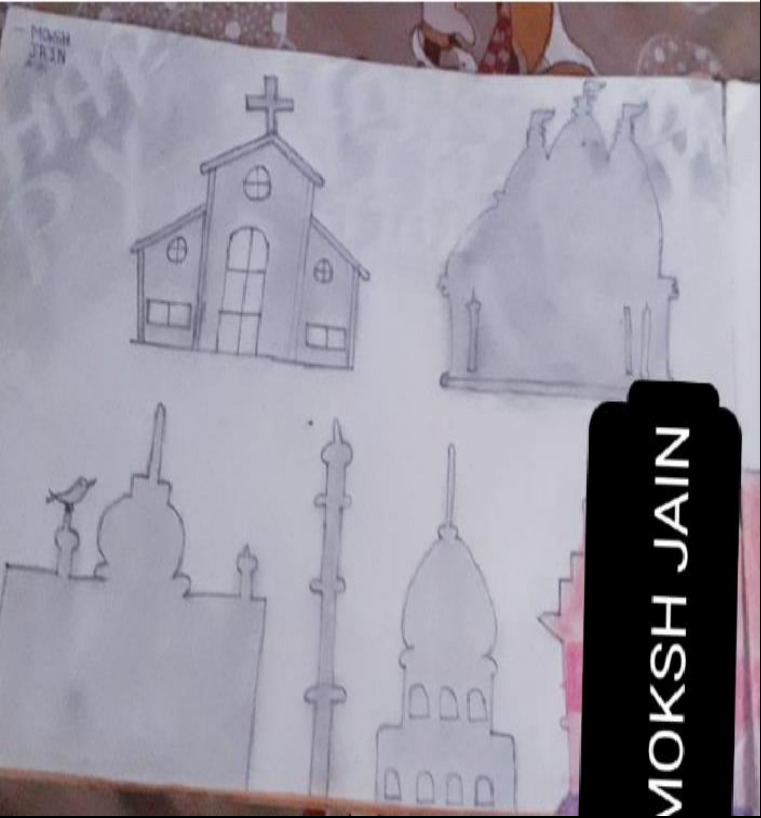

Constitution Day (26/11/2021)

The date of 26th November holds great importance in the history of Indian Independence. In 1949 when the Indian Constitution was introduced the Constituent Assembly greeted it with loud and prolonged cheers. The framework document or book that guides the Indian Government to work smoothly is called the Constitution. Indian Constitution was prepared in 2 years, 11 months and 18 days to be precise. The Constituent Assembly had both male and female unbiased members who adopted the Constitution in 1949. Students of YPS read out pledge and made posters.

DECEMBER

NATIONAL POLLUTION CONTROL DAY – (2/12/21)

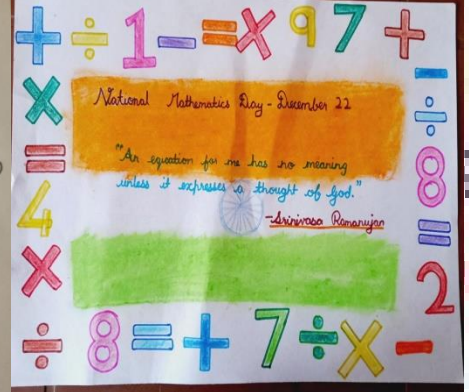

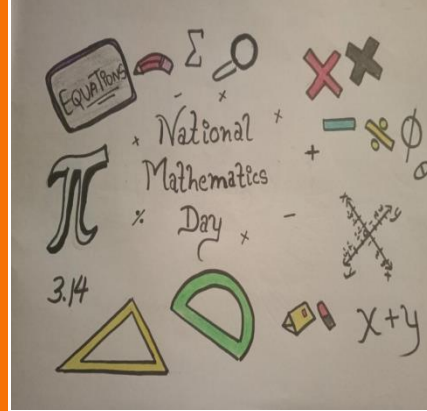

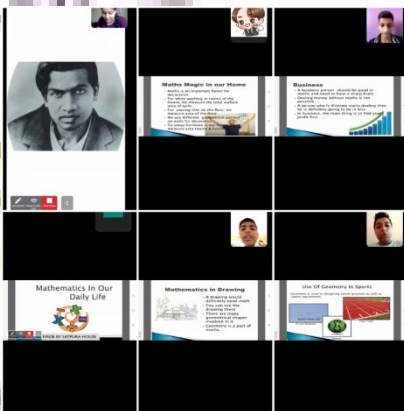

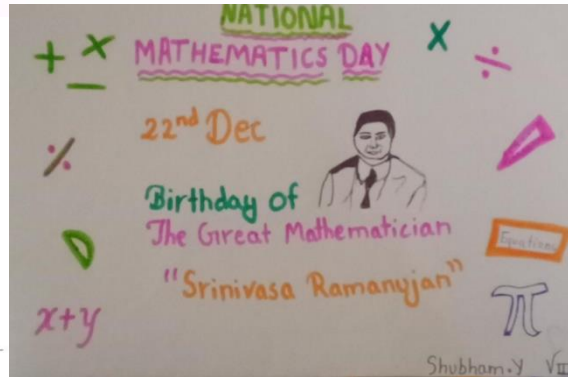

National pollution control day was observed on 2nd December to remember the people who lost their lives during the 1984 Bhopal Gas Tragedy. It is also the day to raise awareness about the hazards occurring from various forms of pollution.

National Mathematics Day – (22/12/21)

Maths is important in everyone's life and so 22nd December is celebrated as Maths day, children from YPS have explored this field of maths and have created many amazing projects related to it. Students of primary and secondary section participated enthusiastically.

Poem on mother.

* My mother was the most beautiful Woman I ever saw. All I am Low to my mother. I attribute my success in my life to the moral, intellectual and physical education I received from her.

MY MOTHER

- ★ My mother takes care of everyone in the house
- ★ Every day my mother prepares tasty meals for my father and me.
- ★ She takes care of all my family members and works in very hot hood.
- ★ She washes my clothes.
- ★ She is very sweet and loving.

Thankyou Mom, for making me smile,
Your place in my heart reaches miles and mile.
You are amazing, You are the best!
Thankyou for being my mom,
I am blessed!

Talking with you is so interesting!
I can share my feelings with you without hesitating!
You are like my best friend,
You are a cool mom and you are with the friend!

You are like my sunshine,
I am so glad you are mine!
You are very kind and loyal,
You are my idol!

You are very beautiful,
You are very cool!
You mean a lot to me,
You are very faithful!

You are like a sunflower,
who gives me positive energy!
You always take care of me when I have an injury.

Once again I want to say,
Thankyou for guiding and protecting me on my way!
Thankyou mom for being so wonderful,
I will always be grateful!

The Best Mom

When you give me love, when you hold me in your arms, when you tell me that you will always be there for me, when you tell me that you will always be my best friend, when you tell me that you will always be my hero, when you tell me that you will always be my inspiration, when you tell me that you will always be my love, when you tell me that you will always be my everything.

I think it's enough to know that you are my mother, my best friend, my hero, my inspiration, my love, my everything.

Thank you for being the best mom in the world.

Sasha

♥ Thank You Mother ♥

Thank you for loving me,
Thank you for laughing with me,
Thank you for being so pretty,
Thank you for being my hero,
Thank you for being so much fun,
Thank you for making food for me,
Thank you for making me feel good,
Thank you for giving me the best love,
Thank you for teaching me good things,
Thank you for being there when I felt sick,
Thank you for making me happy when I am sad,
Thank you for holding me in my darkest days,
Thank you for so much care,
Thank you for making me things I love,
Thank you for everything!!!

Wind

Wind destroy everything
 Whether a tree, a building or anything
 Wind cannot be seen
 But wind can be feel felt
 Sometime wind is whistling
 Sometime wind is howling
 Wind blows through the fields
 Wind comes without any squeal.
 Wind convey the pollen grain & the seed
 Wind makes the humans bleed.
 Wind come with rain
 Winds come with drain
 Sometime wind eryries
 Sometime wind flies

A Little Wind

When I lay down
 In a cover place,
 With eyelids closed,
 In a clover place,
 A little wind came to my face.

One gentle wind
 Blew on my mouth,
 And I said, "I will quiver by.
 What little wind ~~was~~ near can it be?"
 And I lay still
 When the clover was.

But when I raised my lids to see,
 Then it was a butterfly.

-Bharti Singh-

... Wind ...

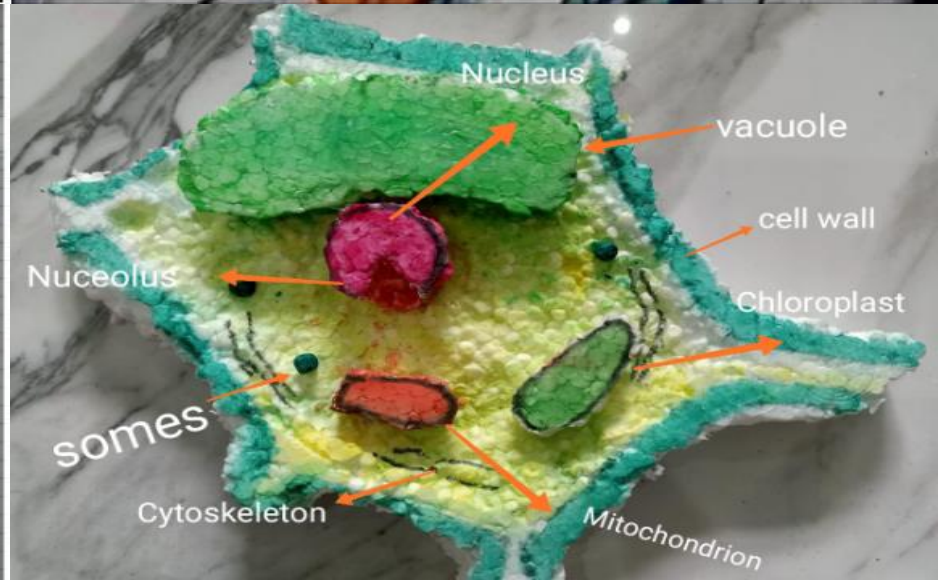

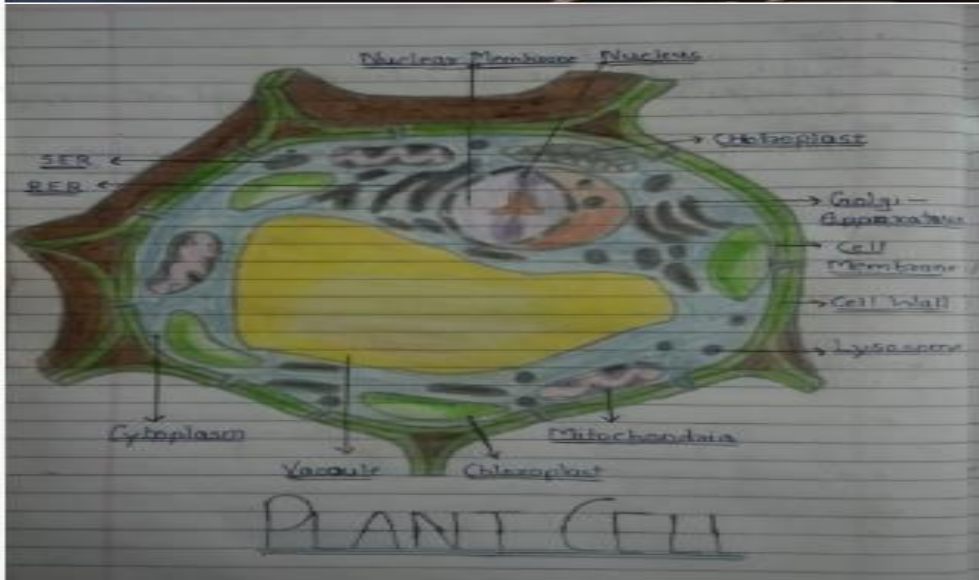

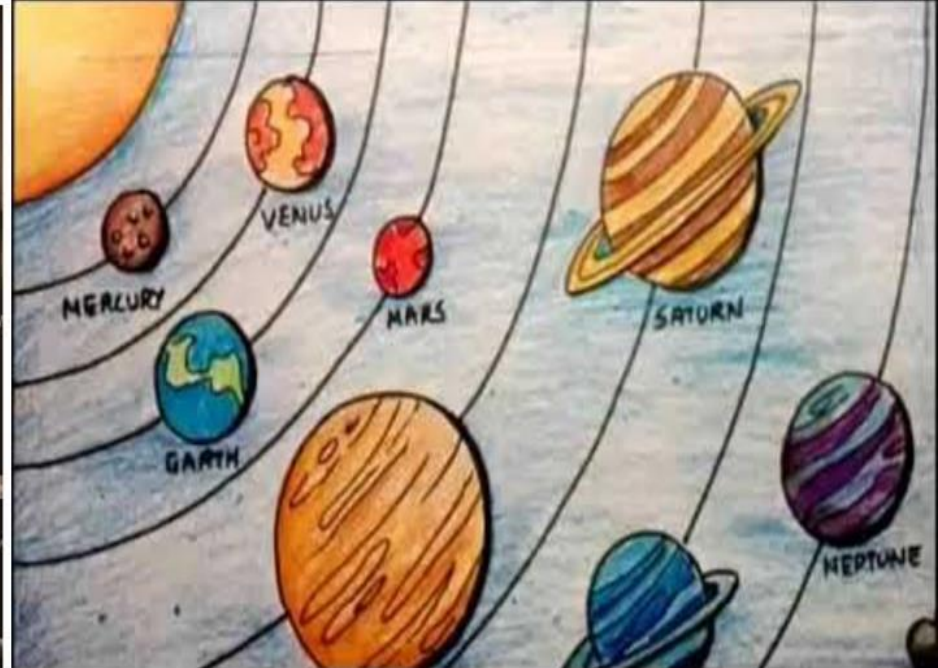

The pine trees toss him their cones
 with glee,
 The flowers bend low in courtesy
 Each wave flings up the shower
 of pearls
 The flag in front of the school unfurl
 Laughing, dancing, sunny wind
 Whistling, howling, rainy wind.
 North, South, East & West
 Each is the wind I like the
 best.

Winter wind... ♡

Good is like the wind,
 You can't see him.
 Howling like a wolf
 scattering leaves,
 Whistling through the trees,
 A BUZZY
 WINTER WIND

My Vision for India In The Year 2047

_" Everywhere is happiness, people love each other, India free of hunger & fear, it is the vision of my India 2047"

" After 25 Years India will be celebrating its 100th anniversary of independence in 2047.I would share my vision for India in 2047". Developing to develop it is the journey of a nation.. Currently, India is celebrating its seventy- five years of independence. Everyone has dreams to make the country big and democratically successful .A country where there is equality in all areas and for all genders it witness progress. Like others, I also have a dream for my India and the way it should be so I can proud to live and the coming generations too. Our country in 2047 will be what we create today. The year 2047 will be the land mark year to look at India through the prisms of development, growth, gender, equality, employment, and other factors. What we dream is what we see, similarly, how we visualize India of 2047 will determine the revolutions we will adopt cover the next twenty-five years. One wants to see India free from poverty, unemployment, malnutrition, corruption, and other social evils. Over the next twenty-five years, India should transform into a powerful nation both internally and externally.

My Vision For India In 2047:-

The India of my vision where women are safe and walk freely on road. Also, It will be a place where there is freedom of equality to all and everyone. It would be a place where there is no discrimination of caste , color , gender, social or economic status, and race. I see it as a place that sees an abundance of development and growth.

Education:-

Government work to promote education. but there are many people who do not realize it's true importance. The India of my vision in 2047 will be a place where education will be mandatory for all.

Health and Fitness:-

My vision for India in 2047 is to improve the health system by providing good facilities to people. People are also aware of health to fitness.

Conclusion:-

The India of my vision in 2047 will be an ideal country, where every citizen will be equal. Also, there is no discrimination of any type. In addition, It will be a place where women are seen as equals to men and respected equally.

A Network of Road and Railways:- The India of my dreams will be have good roads linking to remote places of the country. There will also be a good network of railways all over the country. Excellent transport and communication facilities will develop our trade and commerce and put our trade and commerce and put our economy on a sounding footing. This is about my dreams of India. It may sound unimaginable, but If we try hard then it is possible.

Speech

Today I am going to talk about Shri Swami Vivekananda's iconic speech at the world religion conference which is remembered till now.

The speech that blew every one's mind , Swami Vivekananda had mentioned the basic yet most important thing that one should follow in life. These things included being patriotic, loving all religions, analyzing religions, being acquainted with science , Knowing importance and necessity of rituals, being aware of roots of Hinduism, being aware of goal of science and being against religious conversation. Though initially nervous, he bowed to Saraswati, the Hindu goddess of learning, and he felt he got new energy in his body; he felt someone or something else had occupied his body– "The Soul of India, the echo of the Rishis, and the voice of Ramakrishna. Then began his speech with salutation, "Sisters and brothers of America!". To these words, he got a standing ovation from a crowd of seven thousand, which lasted for two minutes. When the silence was restored he began his address. He greeted the youngest of the nations on behalf of "the most ancient order of monks in the world, the Vedic order of *sannyasis*, a religion which has taught the world both tolerance and universal acceptance."

In his speech, Vivekananda tried to explain the reason of disagreement between each other and different sects and religions. He told a story of a frog, which is popularly known as (*koopmandook*) and in the story he told, a frog used to live in a well. It was born there and brought up there, and it used to think his well was the biggest water land of the world. One day, a frog from a sea came to that well. When the frog from the sea told the frog of the well that the sea is much bigger than that well, the frog of the well did not believe it and drove the frog of the sea away from his well. Vivekananda concluded– "That has been the difficulty all the while. I am a Hindu. I am sitting in my own little well and thinking that the whole world is my little well. The Christian sits in his little well and thinks the whole world is his well. The Muslim sits in his little well and thinks that it is his whole world."

Vivekananda gave a short introduction of Hinduism and spoke on "The meaning of the Hindu religion". He also talked about the 3 oldest religions of the world, namely Hinduism, Zoroastrianism and Judaism and their survival and the emergence of Christianity. He then went ahead and shared his knowledge of the Vedanta philosophy, the concept of god, soul and body in Hinduism. In his speech, Vivekananda talked on Buddhism. He talked about origin of Buddhism, relation between Buddhism and Brahmanism, Buddhism and Vedas. He concluded, "Hinduism cannot live without Buddhism, nor Buddhism without Hinduism." and showed how Buddhism is the fulfilment to Hinduism.

In his address at the final session on September 27, 1893 he told that much has been said about common ground of religious unity but according to him unity cannot come by Triumph of anyone of the religion and destruction of others but each must assimilate the spirit of other religion and yet preserve his individuality and grow according to his own law of growth in the same way as the seed is put in the ground and earth and air and water are placed around it. Does the seed become the earth ??? Or the air ?? Or the water ? No it becomes a plant.. it develops after the law of its own growth , assimilates the air the earth and the water converts them into plant substance and grow into a plant.

He finished his speech with appeal "Help and not Fight," "Assimilation and not Destruction," "Harmony and Peace and not Dissension."

Swami Vivekananda is an inspiration for the youth of today and present idol for us and that is why his birth anniversary is celebrated as National youth day.

हास्य कविता

सर बोले,
सरदार तुम बहुत ज़्यादा बोलते हो,
रहस्य की परतें ज़रा ज़्यादा खोलते हो,
अच्छा होगा अगर कुछ कम बोलो,
हर बात का भेद जरा कम खोलो,
इससे तुम्हारी बोली में सुधार आयेगा,

मैं बोला- सर, थैंक्यू! आपने जो बातें समझाई है,
हमें बहुत ही भायी है,
पर हम आपकी यह सलाह नहीं मानेंगे,
शायद आप कारण जानना चाहेंगे।
कम बोलने से शब्दों के मतलब बदल जायेंगे,

जैसे मम्मी से मम,
रमी से रम

डैडी से डैड हो जायेंगे।

इसी तरह चलते रहे तो मुश्किलें और बढ़ जाएंगी,
सर आप तो सर के सर रहेंगे सर आप तो सर के सर
रहेंगे

लेकिन !!! मैडम मैड हो जाएंगी।

Nature

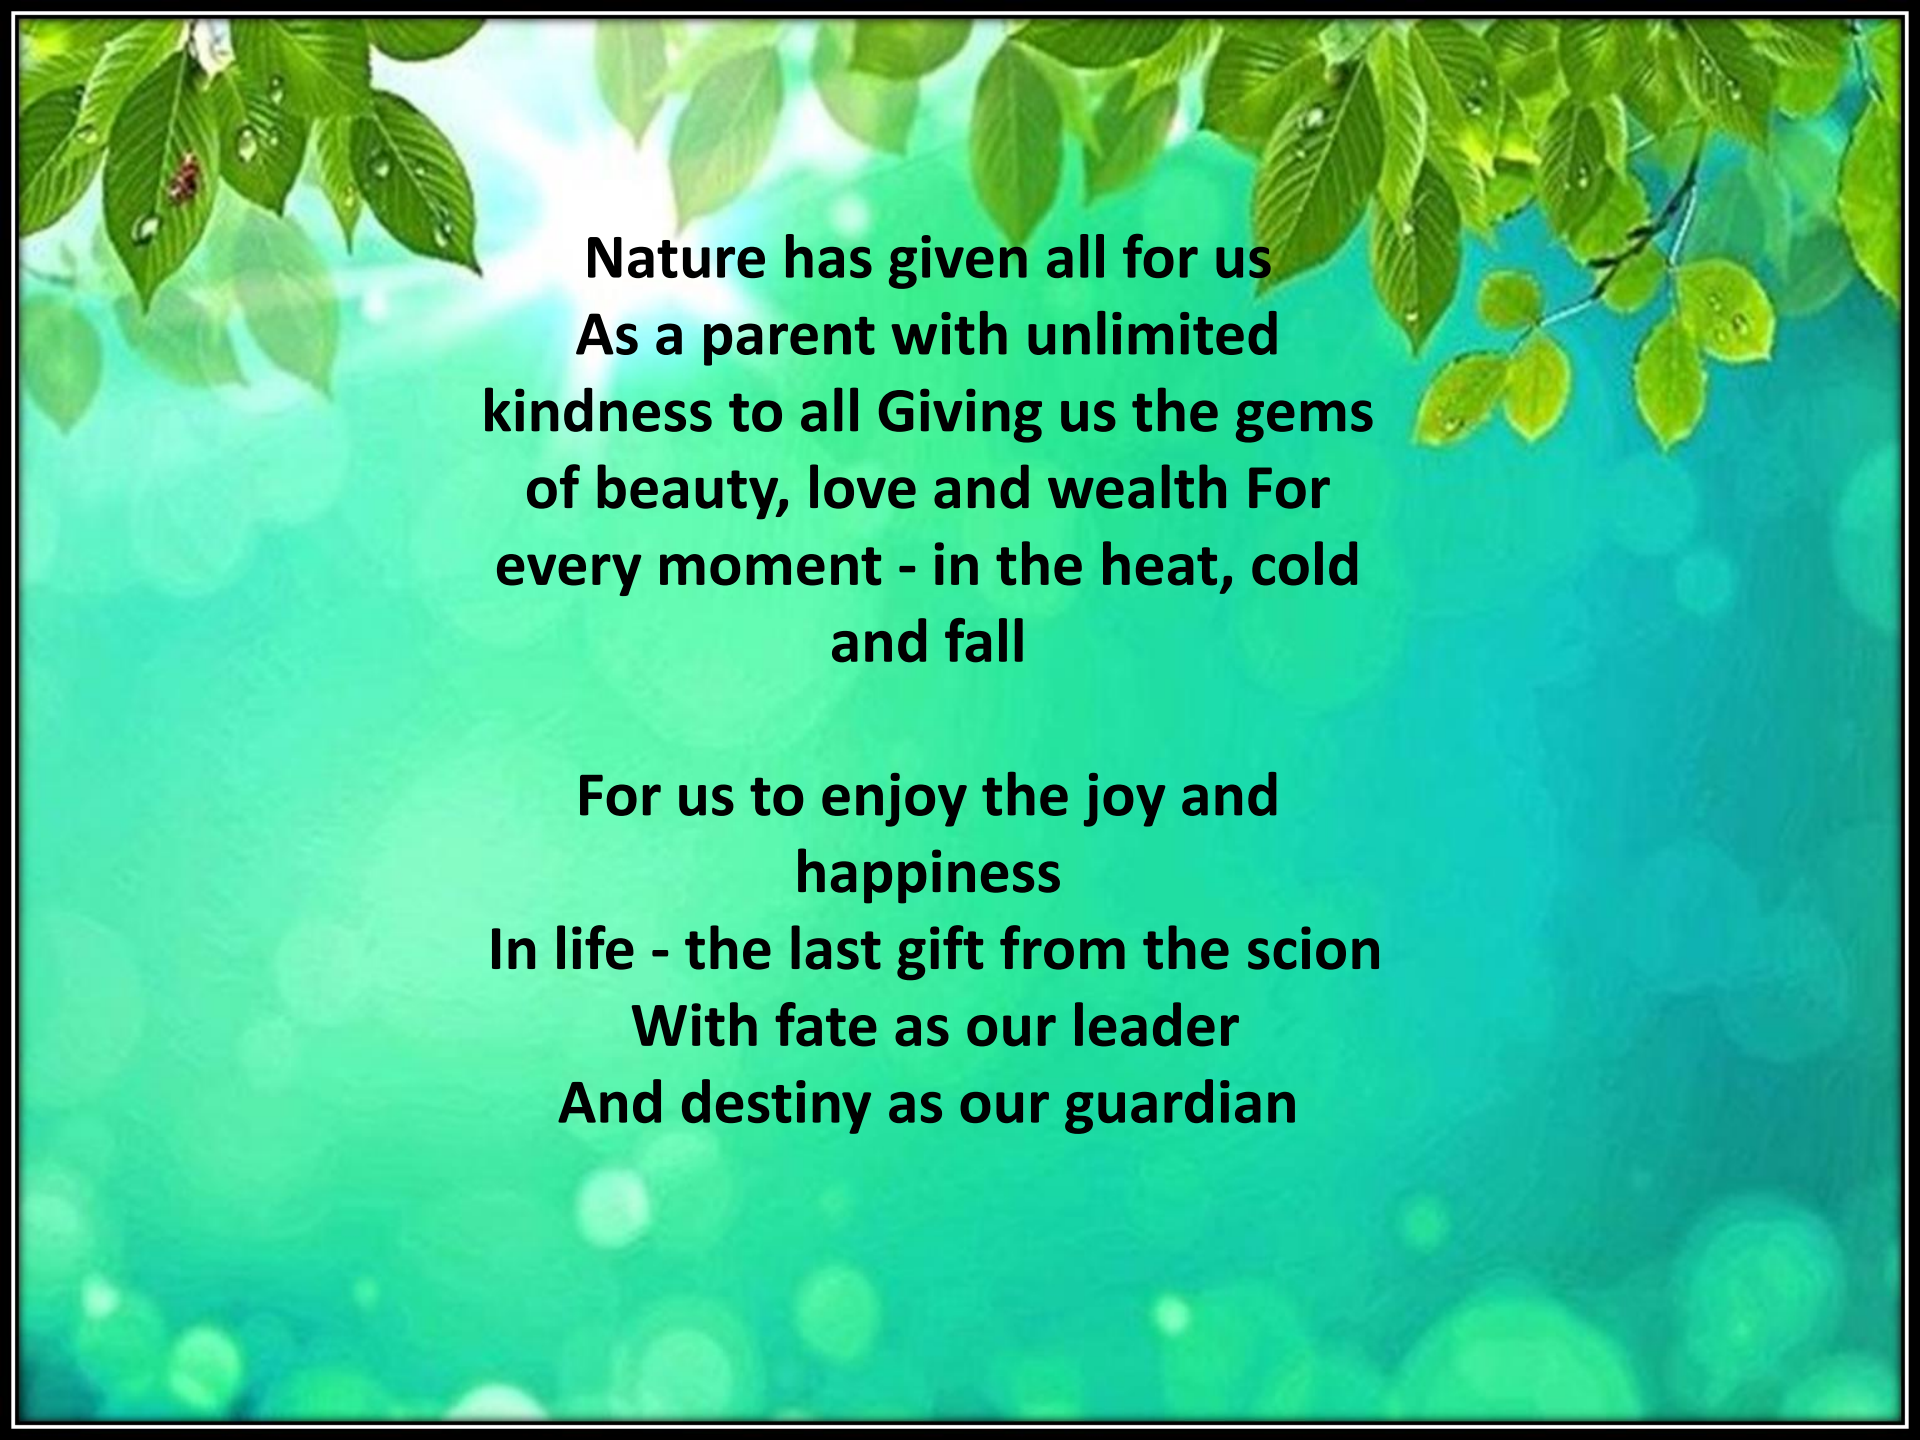

- **SHIVAANI PANIKER**

Beauty, love and wealth
And all the gifts mankind has in its saddle
Where did god give them from?
Have you wondered about the origin of the cradle?

The aqueous tint of the vast sea
Twinkling stars above our head
The unbelievable beauty that is almost sinful
If we dare to imagine beyond and ahead

The concern of a mother for a child
- Two epitomes of nature
Unconditional love behind every action
Like the giving's of mother earth as our preacher

What is wealth; have you wondered? Even in the greedy
inclinations of your action What we seek is not the
materialistic coins But happiness and satisfaction

**Nature has given all for us
As a parent with unlimited
kindness to all Giving us the gems
of beauty, love and wealth For
every moment - in the heat, cold
and fall**

**For us to enjoy the joy and
happiness
In life - the last gift from the scion
With fate as our leader
And destiny as our guardian**

Poem

छोटी सी ज़िंदगी है
हर बात में खुश रहो

जो चेहरा पास ना हो
उसकी आवाज में खुश रहो

कोई रूठा हो तुमसे
उसके इस अन्दाज में खुश रहो
जो लौट कर नहीं आने वाले
उन लम्हों की याद में खुश रहो

कल किसने देखा है
अपने आज में खुश रहो

खुशियों का इन्तजार किस लिए
दूसरों की मुस्कान में खुश रहो

क्यों तड़पते हो हर पल किसी के साथ को
कभी-कभी अपने आप में खुश रहो

छोटी सी तो ज़िंदगी है
हर हाल में खुश रहो

हिंदी है हमारी राष्ट्रभाषा,
हिंदुस्तान की वो है परिभाषा,
हिंदी हमारी है अभिलाषा,
हिंदी से जुड़ी है हमारी आशा।

सदियों से हम हिंदी बोलते चले आए,
चलो हिंदी भाषा को उच्च बनाएं,
भारत माता कि शान बढ़ाएं,
गर्व से अपना सिर उठाएं।

हिंदी है हिंदुस्तान की जान,
हिंदी है हमारी शान,
हिंदी बोलने में क्या हिचकिचाना,
हिंदी है हमारी पहचान,
उसका तो गर्व करना,
उसका तो गर्व करना!

RUTUJA GANESHKAR

- Striving for mastery, hoping for victory, Keeping our aims and our ends in view. "Brave in the hour of sore defeat. Never deterred by the troubles we meet", These lines have been profoundly imprinted on the minds and hearts of all the schools students and teachers. All through my school life, I've always felt at home and now, It saddens me to reach the final year. Embarking upon my last school year, I feel so humbled to have started my journey as a small kid here as I have had so many amazing opportunities to excel and achieve into the past ten years have been full of opportunities, exposure, unforgettable experiences that have given me innumerable memories to look back upon. It is amazing to see how till the date, that school stands firmly on its beliefs and traditions. I am extremely grateful to my teachers, who guided me throughout, remained so supportive and considerate, stood by in hard times and imbibed the qualities of perseverance and self-confidence. "Fortune favours the bold." This institution encourages young minds to dream, work, believe and achieve. Yak Public School has worked to provide a holistic development and has been successful in maintaining the balance between curricular and co-curricular activities. I from the beginning had an inclination towards co-curricular activities and have been provided with wonderful opportunities for the same, taking initiatives and planning various club activities. The exposure we received here is truly tremendous ! No doubt such opportunities help to develop individuals who are critical

thinkers , creative planners and effective practitioners. ‘When the going gets tough, the tough get going’ with the never giving up spirit, bars are raised every time the milestones are reached.

Our guide, principal ma’am,Vidhya Ayyappan has been an inspiration for the students. She is the captain who steers this ship with complete dedication and we the crew, have nothing to worry under his gracious presence and firm guidance. After few month, I would not be passing through the same corridors, studying in the homely environment, interacting with the teachers, hovering around the canteen, playing in the field or preparing for competitions yet the school would always remain second home for all of us. I am a firm believer of the fact that as long as the beliefs, values and traditions would persist, the glory of Yak Public School shall withstand all odds. To all my juniors and peers, No matter what anybody tells you, words and ideas can change the world. Have faith in yourself, stick to values, maintain your integrity, stand for what you think is right and be courageous to think different. Nevertheless, the change begins with you.

National Educational Policy (NEP) for Naya Bharat -2020

Failure is good for success

Failure is the path to success' and there's nothing wrong in trying and trying and trying rather than just sitting and crying.... There goes an old saying "To be a champion, fight one more round," which is very true. Only tireless pursuit can create winners. Success comes to those who try and never tire. To be a winner, one has to learn to strive with perseverance, courage and determination. Success cannot be achieved in a day. Failure is a stepping stone to success. It is said that if a person fails once, he should not lose heart. He must observe the mistakes that lead him to failure and try to overcome them in his next attempt Repeated efforts lead one to success. Success and failure go hand in hand success gives us a sense of joy and pride and, on the other, failure is one of the toughest things to deal with and happens frequently in life Some people believe that failure is not essential to achieve success. In this modern era of social media, some people have become highly successful and gained popularity overnight by performing some acts. Hence the belief that bad experience may not be essential to achieve great heights in life . Overall, the success of an individual comes from his mistakes in life. By learning from bad experiences, human beings can achieve big things in life.

Sani : But Sir, you don't know my mother!

Jokes 😂😂

1.Chad: Why do magicians do so well in school?
Josh: I don't know. Why?
Chad: They're good at trick questions.

2.Nate: Why was school easier for cave people?
Kate: Why?
Nate: Because there was no history to study!

3.Mom: What did you do at school today?
Mark: We did a guessing game.
Mom: But I thought you were having a math exam.
Mark: That's right!

EDITORIAL

With immense pleasure we submit the second volume of our news magazine in your hands. It captures wonderful moments of the voyage of YAK Public School. This was another splendid year, with our students bringing laurels to the school in all possible spheres. This magazine is the outcome of collective contribution of all teachers and students.

This herculean task of editing this school magazine would not have been possible without the sincere support of the members of the Editorial Board who sorted out the articles that we had got from our enthusiastic and inquisitive young writers, edited them and finally made a fair draft of them.

I am thankful to all my colleagues who dipped their oars into the turbulent water of the journal and have sailed it to the shore of publication. I am really thankful to our respected seniors for entrusting us with this responsibility.

Have a joyful walk through.....
